

What is Being Kingdom Minded?

What pops into your head when you see the phrase above? Do you remember the many sermons, Bible studies and Listening Post Meetings during our Interim Year that broached this topic? Can you think past the pandemic, the politics, the protests, and contemplate the Great Commission given to us by Jesus Christ and what that looks like when practiced by "Joe or Jo" parishioner?

Being Kingdom Minded means to care about others building a relationship with Christ, more than becoming members of our church. It's concerned more with God's glory than human recognition. It compels one to pay closer attention to people's spiritual needs and growth, than church policies and procedures. It pushes us out the doors of our safe little building and into the world, filled with people lost, looking, and lonely, in need of the assurance of God's love for them. Kingdom Mindedness should be the foundation for all mission and ministry at Resurrection. It is our spiritual DNA.

Think about it:
When you leave the doors of Resurrection, what's on your mind?
Are you "entering the mission field?"
